

Toddler Owner's Manual

Father's Edition

A humorous 'operating guide' for fathers, the *Toddler Owner's Manual* is sure to bring a smile to any dad facing the challenge of raising a toddler. Written by best-selling author Steve Bedwell (*Holden Vs Ford*, *Naughty Number Plates*), the book likens a toddler to the other love in a man's life - his car!

Set out like a retro car manual, the *Toddler Owner's Manual* covers the difficult ownership period of your *Mother Nature Heavy Industry* child from 18 months to three years. This out of warranty period can be difficult and the manual will help fathers navigate such vexing stages as solid food consumption, child self-waste disposal training, tentative first steps as well as long term servicing and immunisation issues and maximising the usefulness of your toddler.

A companion piece to the successful *Baby Owner's Manual*, this is a must have, laugh out loud book for any dad facing the challenges of a rapidly developing little human.

Toddler Owner's Manual

By Steve Bedwell
